First School to conduct Online Practical as per the CBSE guidelines.

PRINCIPAL'S MESSAGE

Education undoubtedly includes everything that is capable of exerting of formative influence and cause a young person to be, at a given time, what he or she is. In contemporary times, when the pace of change has become almost exponential, this is least reasonable to expect that the generation next will grow up in the world as it is today. The generation we have in schools and colleges now opened its eyes in the growing parochialism of 80's; they spent their formative years in the technological boom of 90s and in a wan attempt to redefine themselves are lost in the antithesis of the new millennium. They belong to an age when respect towards long standing social values is being looked down upon as shallow conformism, when the young minds are getting infested with intolerance and terrorism, when education has become synonymous with good economic returns and the social relationships are eroding fast. The generation of course was born when humanity in general was dying. Unhinged from its immediate mooring, this generation is indeed in a state of a free fall and if we expect conformity from them in the name of discipline, submission and surrender in the name of regard and respect and a blind following of dictates at the cost of their inherent inquisitiveness, it becomes easy for us to brand them as growing absurd. Isn't it the high time to look for some new functional pre-requisites to sustain the worth, the very purpose of education.

Bulletin board is one of the way to celebrate the occasion that one wishes to. The students of Navyug never fail to make every occasion worth celebrating.

Congratulations to Raushni Kumari, Shrishti Kumari, Saurav Gupta, Aditi Kumari, Vaishnavi, Shruti Kumari, Aryan Singh, Ashu Anand, Mohit Raj, Harsh Deo, Shaurya Sandilya, Geet Mishra, Ayush Kumar Jha the participating in E-RAKSHA Competition.

Toppers of 2020:

Class 10 - 1. Aman Kumar 96.4%
2. Nikesh Raj 96.4%
3. Aman Kumar 93.6%

Class 12 – 1. Rishikant Kumar Jha 94.2% (Science)
2. Nisha Rani 91.8% (Science)
3. Ravi Kumar 91% (Science)
